Southside Community Center (SCC) is all set for our seventh summer of Youth Leadership and Enrichment Programming. Last year, we were blessed with a grant from the Ralla Klepak Foundation to add performing arts to our leadership programming, fulfilling the vision of bringing our therapeutic relationships and environment together with the healing power of artistic expression through the performing arts. We need your help to sustain these programs and help us move closer to our dream of being a year-round program.

The staff is trained, and we are looking forward to another incredible leadership development in summer 2024! Join our partners and be a part of a child's journey towards a safe place to dream, heal, and create a beautiful future. Your generous contribution can help change a child's life trajectory. By sponsoring a future leader for \$400 to participate in our 8-week summer session, you can significantly transform our community, one relationship at a time. You will be invited to the end-of-the-season performance created by our kids. This year's theme is "Home Grown".
